

Committee Chairs and Delegates 2016-2017

Updated: 14 Feb 2017

Committees do much of PSG's business, as well as the conservation work for which PSG is respected. The committees welcome and need ongoing participation. A description of PSG committees can be found on the website and in the PSG Bylaws and Handbook. According to PSG Bylaws, the PSG Chair is responsible for all Committees so please inform the PSG Chair immediately of any changes in leadership, purpose, or scope. For more information or to join a committee, please contact the respective committee chair or coordinator. **To update contact info**, please email: communications [at] pacificseabirdgroup dot org.
