

2018 Annual Meeting La Paz, BCS, Mexico 21-24 February 2018

The Pacific Seabird Group is pleased to announce the 45th Annual Meeting to be held at the Universidad Autónoma de Baja California Sur in La Paz, 21-24 Feb 2018.

After 14 years, the PSG Annual Meeting is back in Mexico! The Universidad Autónoma de Baja California Sur will be the venue for this exciting event. Located in the entrance of the Gulf of California (nicknamed the “aquarium of the world”) La Paz is ideal for the academic activities as well as for adventure. International flights arrive to Los Cabos airport, 190 km from La Paz. There are direct flights from San Diego, Los Angeles, San Jose, Dallas, Phoenix, San Francisco among others. From there a shuttle or bus ride takes about two hours to get to La Paz. The Hotel for the conference is Hotel Perla, and from there buses and vans will move people to the University. On the exploring side, you can swim with whale sharks just a few minutes off the malecón, you can take daytrips to Espiritu Santo Island or hike in the Sierra La Laguna to observe some endemic species.

Call for proposals, abstracts, travel award applications and registration information will be announced in June and July 2017. Information on hotels, field trips, and volunteer opportunities also coming soon! Please check the PSG Website for updates.
