## 44th PSG Annual Meeting

Wildlife Acoustics will be providing a free workshop at the meeting in Tacoma!

"Song Meter SM4 Workshop"

Date: Thursday 23 Feb 2017

Time: 5-6 pm

Location: Room 315

In this hands-on workshop, you'll learn how to use the **Wildlife Acoustics SM4**, a programmable, dual-channel, weatherproof recorder capable of capturing months of acoustic data. Participants will be entered in a raffle to take home a free SM4 and some food and drink will be provided.

For participants that want to follow along for the software portion of the workshop, download the configurator software onto your laptop before the workshop, and bring your laptop with you. **Download the software here:**<a href="https://www.wildlifeacoustics.com/download/song-meter-configurators">https://www.wildlifeacoustics.com/download/song-meter-configurators</a>.

Please RSVP to: sales2017@wildlifeacoustics.com
