Job Announcement

This is not a state position

Job Title: WILDLIFE TECHNICIANS (2) FOR SEABIRD PROJECT

Wage: \$18.46 to \$21.00/hr DOE; Full-time, Non-Exempt, Temporary. Housing at the field site will be provided. Job offers a competitive benefits package including group health, dental, and vision.

Project Name: Common Murre Restoration Project (F3033)

Supervisor: Richard Golightly Ph.D.

Background and duties: The Common Murre Restoration Project is seeking up to two (pending available funding) Wildlife Technician positions to conduct monitoring of breeding seabirds including Common Murre, Brandt's Cormorant, Pelagic Cormorant, Western Gull, Black Oystercatcher and Pigeon Guillemot along the central California coast. This project is conducted cooperatively by the U.S. Fish and Wildlife Service (San Francisco Bay National Wildlife Refuge Complex) and Humboldt State University. The purpose of the project is to aid in the recovery of Murre colonies that were depleted because of oil spills, human disturbance and other anthropogenic factors.

Primary duties will include conducting seabird population and productivity surveys, documenting and reporting human disturbances to seabirds, database entry, and interacting with the public. Other duties may include counting seabirds from aerial photographs, conducting surveys of nesting seabirds, or other related tasks as assigned. Multi-day travel between multiple sites at a distance from the primary duty station may be required. Preference may be given to applicants with prior field experience with seabird or other wildlife monitoring or census techniques. Additional evaluation may be based on the applicant's knowledge and experience with computer use and databases.

Duration: First weeks of April to mid-August 2020 depending on project need.

Minimum Qualifications: **1)** Bachelor's degree in wildlife, biological sciences or related discipline with an emphasis in wildlife biology, restoration or behavior; **2)** current driver's license with a good driving record; **3)** ability to sufficiently move and lift equipment up to 50 lbs; **4)** ability to regularly hike up to 3 miles in steep/narrow/uneven terrain while carrying up to 50 lbs of gear; and **5)** ability to work at the tops of high, steep cliffs.

Application must include:

- 1)** An ***INK-SIGNED*** cover letter, which includes the exact job title: **Wildlife Technician**
- 2)** Résumé
- 3)** Names, affiliations, and phone numbers of two professional references
- 4)** Completed [HSU SPF Employee Information Form for Applicants](#)

****Do not staple application packet!****

NO EMAIL APPLICATIONS WILL BE ACCEPTED

For *questions* please contact Erica Donnelly-Greenan at Erica.Donnelly@humboldt.edu or (510) 792-0222 ext.227

Closing Date: Applications must be post marked by January 07, 2020 to receive full consideration. Applications that arrive after January 07 may or may not be considered.

Mail completed application to:
