Report #2s. Craig S. Harrison Conservation Fund Chair Annual Report

Craig S. Harrison Conservation Fund Chair Annual Report – 2024

David Duffy, Chair

I assumed the chair of the committee in October as Peter Hodum stepped down. At the time there were six proposals pending. Since then we have awarded two and have been in correspondence with the proposers of the other four. We have expended \$6000 of the available \$20,000 funds. Future efforts in the new year include rewriting the committee's charge and operations and soliciting new proposals.
